1494 - Hey don't Read!!!

Description

Maybe this is the most very simple problem that you are ever seen in your life. You don't need to calculate, you don't need to solve nothing, you don't need programming. You only need to print "I got my first solution!!!".

Input specification

A simple line of text. See the input example.

Output specification

You know, you must print "I got my first solution!!!"

Sample input

```
Hey don't Read!!!
```

Sample output

```
I got my first solution!!!
```
